

Clamp Meter 400A AC

AEGIS

“A basic clamp meter for electrical testing”

An entry level clamp meter!

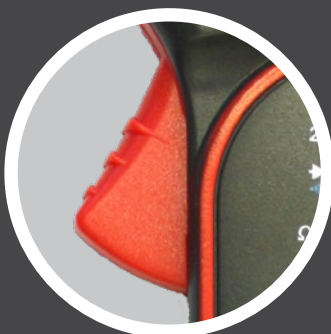

The Aegis range of clamp meters all combine a comprehensive range of test functions whilst maintaining simplicity of use, making them the ideal choice for everyday use.

The CZ20067 is essential for measurements of current, voltage, and resistance are included along with diode and continuity testing.

The CZ20067 is made rugged to withstand the everyday operation required in the electrical industry.

Auto ranging, data hold, and max functions add to this entry level clamp meter whilst over range indication and low battery warning prevents measurement errors.

The CZ20067 comes complete with leads in a soft carry case.

400A AC Clamp

The perfect clamp meter for basic electrical testing on domestic and light commercial installations, the CZ20065 comes standard with all test leads and in a soft carry case.
