AEGIS Test Tags

“Heavy Duty Test Tags - AS/ NZS3760:2010”

Alternate Tags Available

Aegis Test Tags have a sign and seal security lamination flap which prevents tampering of the user's information and protects the tag in harsh environments.

Medium duty, heavy duty, thermal, wrap arounds - there's so many types on offer. We specialise in one type of tag that suits all.

You only need to carry one set of tags.

All colours available for all your test and tag and PAT testing requirements.

Black

Orange | January - June

Red | December-February

Blue | June-August

Burgundy | 5 year schedule

White | July-December

Green | March-May

Yellow | September-November
